## Newsletter of The Calgary Model Railway Society

Photo by John Morphy

*CMT/Calgary Free-mo held their Christmas run again this year. This scene is part of their permanent modules set up at the Calgary Rehab Center. The water tower is nicely weathered and the signals add another detail. Trains were running flawlessly with lots of variety of eras and road names. Overall I was told the attendance was about the same as last year. The day I went it was to the point where they were maxed out on running trains as the very large helix was backed up for a few minutes. Just like the real world. Thank you CMT and Calgary Free-mo groups for putting this together.*

Happy New Year!!!          It's warm out! Maybe for just this week??? Hopefully you've been keeping busy and working on model trains! I'm still working on a multi structure kit from Bar Mills, I should be done by SUPERTRAIN (maybe.....). Looking forward to layout tours which are coming up on February 21st and 22nd. We could use a couple more layouts, if you have a layout, or want to volunteer a friend, send me an email.          As always, happy modeling!</p> <p style="text-align: right;"><b>Peter Bouma</b>  <a href="mailto:president@calgarymodelrailway.ca">president@calgarymodelrailway.ca</a></p>

## Directors Reports

### Layout Tours

Mark your calendars! Layout tours will occur on **Saturday February 21st and Sunday February 22nd 2026**. If you would like to host your layout for the membership, please contact me. Layouts can be any size, any scale and at any stage of completion, from the plywood pacific to a beautifully completed (if that's a thing) masterpiece and everything in between.

Contact me at [LayoutTours@calgarymodelrailway.ca](mailto:LayoutTours@calgarymodelrailway.ca)

## CMRS Memberships

At the end of the first week of January our membership stands at 209 members thanks to several renewals since the last Orderboard. There are still 60 former members whose membership expired in 2025. They will no longer be receiving communications from CMRS, except a reminder that they need to renew.

***Please renew or rejoin. CMRS's strength is in its members.***

The membership link is <http://www.calgarymodelrailway.ca/join.html> for anyone that wants to renew online. If there is no change in your personal information, simply sending an e-transfer at \$20/year will suffice. We can do the math and will send out the receipt and a new membership card by mail. If there is a change in your information, please send the updated information to me by filling in the form at the membership renewal page or just put the information in an email to [membership@calgarymodelrailway.ca](mailto:membership@calgarymodelrailway.ca)

***Happy New Year!!!***

Mark Wittrup

## Spring Mini Meet

As some of you may have noticed we have changed the date on the Mini Meet / Flea Market. This was so we could announce the date and invite people attending SUPERTRAIN to come. Unfortunately the only date we could obtain was **Sunday May the 3<sup>rd</sup>** the weekend after SUPERTRAIN. By doing this we are hoping to attract new members to the Mini Meet and increase the pool of buyers for the **Flea Market**.

Ian Mears  
Mini Meets

[MiniMeets@calgarymodelrailway.ca](mailto:MiniMeets@calgarymodelrailway.ca)

## RailFan Event

For the railfan event this year we are looking at a trip to the Revelstoke Museum some time in March. The trip will be by bus with the option of self drive. If you are taking the bus it will require an overnight stay, the self drive is optional for overnight. If this is something you would be interested in attending, please let either Garth or Mike know so we can book the appropriate arrangements. There will be some costs involved and some subsidy by CMRS.

***We will need at least 20 attendees to make it go so let us know as soon as possible.***

## **SUPERTRAIN 2026**

I originally wrote this report on January 12, exactly three months from the day that our banners will be installed on 8 overpasses around the city. However, things are moving fast and in the last two days we have gone from 97 exhibitors registered looking for almost 60,000 square feet of space to 106 exhibitors and over 70,000 square feet. We still have a bit of space and our Registrars continue to receive last minute applications from new and repeat exhibitors. I think we can expect to exceed past records for the numbers and size of our show.

A great deal of work has already been accomplished to get us to this stage, but now the hard work really begins – making a floor plan to fit it all in and smooth out the move-in process. On that front we have already scored a win. ***We now have permission to do the floor mark-out on Thursday afternoon, meaning we can begin the move-in earlier on Friday.*** However, we will need a lot of cooperation from all the exhibitors to ensure that we don't jam up the roads around the Olympic Oval this year.

***Very shortly, CMRS members will be approached asking for a bit of your time to volunteer to make SUPERTRAIN a continuing success.*** We understand that not everyone can volunteer for a lot of different reasons – manning your own or your club's exhibit, mobility issues, and other such things. However, I think everyone can help promote the show. We will have plenty of quarter-page flyers at all of the upcoming CMRS events that you can take to give out to family, friends, co-workers, and neighbours.

***Parking in Lots 10 & 11 on the University campus has been reduced to \$6.00 per day on the weekend, making attending the show even more affordable. And if you volunteer for SUPERTRAIN, you will be given \$10 for each calendar day you work an assignment to help pay for your parking, transit ride, or a snack at the show.***

Our [supertrain.ca](http://supertrain.ca) website has much more information on how you can get involved in helping to make SUPERTRAIN the biggest and most successful train show in Canada. Please reach out if you have questions, comments, or suggestions. **Thank you for your support!**

Rob Badmington  
Chairman  
**SUPERTRAIN 2026**

## Ads and Advertising

Do you have some Model Railroad related items for sale, or perhaps something rare you want? Consider an ad in the OrderBoard. Text ads run free of charge for members (provided the ad is relatively small), we can run the ad a second time if requested. Commercial ads are \$15/year. Contact Editor at [orderboard@calgarymodelrailway.ca](mailto:orderboard@calgarymodelrailway.ca) for details.

Deadline for next issue February 15,2025.

Two photos below. Top is the BASF plant in Blackie Alberta on the Calgary FreeMo side of the CMT/Calgary FreeMo joint layout. Lots of details on this module nicely done!

Photos by John Morphy

Calgary Free-mo had a nice model of the Alberta Wheat Pool Terminal in Blackie. The whole module was very detailed with ladders, chutes and piping. You can also see the rail side loading of the BASF plant as well.
