

**Are You Up To The Challenge?**  
**The CMRS Kit Challenge That Is!**  
**Build The Kit, Get \$25.**

Ok, so here's the rules:

Order your kit at the Fall Mini Meet (Sun. Oct. 15, 2017), or by email at [freemo54@hotmail.com](mailto:freemo54@hotmail.com), give your \$35 deposit. The kits will be ordered in bulk the week after the Mini Meet. Pick up the kit in the SW part of Calgary. Build the kit, return it to the Spring 2018 Mini Meet and receive your \$25. The kit will cost approximately \$35 (price to be adjusted with shipping and exchange from the USA). At \$10 this is a bargain! You can build the kit as per instructions, or modify/remove/add/change the kit as you see fit. The building does not need to be mounted on a base, but you can if you like. You can also order the kit yourself and view it online with instructions at [railroadkits.com](http://railroadkits.com). This could be an opportunity to try some new techniques or learn a new skill. Above all, have fun!

If you have any questions please contact Peter Bouma at [freemo54@hotmail.com](mailto:freemo54@hotmail.com).
