President's Message

Calgary got a blast of winter last weekend, although here in Chinook country, the snow will probably be all gone by the time you read this. When there's snow on the ground and the furnace is kicking in every five minutes, it's time to head to the basement and get some serious model building done. I've even found some of my tools and got working on my layout again.

It is also the time of year when model railroad activities come fast and furious. A few of our CMRS members embarked on

an Amtrak trip across the continent to take in the Amherst Model Railroad Society's big train show in Springfield, Mass. The Springfield show is actually bigger than SUPERTRAIN, with a lot of layouts, dealers, manufacturers, and flea market tables, spread out in four separate buildings. The guys will be coming back with lots of ideas we can use for SUPERTRAIN, along with a few stories of their travels, and maybe some pictures they can share at Slide Night Part Deux. Speaking of Slide Night, it should be a lot of

fun, with slides and some videos mixed in. Don't miss it.

Only two weeks after Slide Night, it's time for the CMT Annual Fleamarket and CMRS "Spring" Mini Meet on February 24th at the Glenmore Inn. Besides the usual bargains, clinics, and displays, CMRS will also be holding a special business meeting to hopefully put the Bylaw issues behind us for awhile. I know that for many members, there are a lot of other things you would rather be doing than listening to the

Continued on Page 2

PRESIDENT’S MESSAGE (CONTINUED)

debate, but it is very important that the CMRS has a strong set of bylaws which are up to date. Without them, we cannot continue to legally operate. There is more information about the bylaws elsewhere in this Orderboard. For those who receive a hard copy of the Orderboard, you have received a complete set of the proposed bylaws along with a description of the changes. If you read this online, the Bylaws should be arriving in your mailbox soon. Please read the package, and come prepared to vote on this important issue. I promise that once this is done, we can get onto focusing on model railroad activities.

It’s only about three months until SUPERTRAIN. There are lots of ways to get involved, and trust me, it’s a lot of fun. If you have never volunteered to help out, you should give it a try. It’s a great way to make some new friends too. One good way for everyone to help out is to make sure that all your friends, co-workers, relatives, and strangers on the street know that SUPERTRAIN 2008 is coming to the Calgary Soccer Centre on Saturday and Sunday, April 19 & 20. With a new date,

and new venue, some people will be confused, so we all need to get the word out. The committee has lined up quite a few great new layouts and displays. We are aiming to set new attendance records too.

Finally, a few words about the Board. As some of you may already know, Barry Conn, who was elected as an Independent Director at the past AGM, decided to resign after our second meeting, feeling he wasn’t a “right fit”. To fill the vacancy, Gordon Cooper came forward and volunteered, and the Board unanimously approved his appointment. I am very pleased to welcome Gordon to the Board. Gord is one of those guys who sees something that needs doing, and just does it. He will be a great asset to the Board, with lots of ideas he will put into play.

As always, if there is something about the CMRS you would like to see improved, please feel free to call me, send an email, or catch me at one of our events. See you there!

*Rob Badmington
CMRS President.*

The Society’s current Bylaws have served us well over the years, but they don’t meet the needs of today’s Society. It has been the feeling of the Board that the CMRS Bylaws need updating. In some cases, current practices differ from the Bylaws. One Bylaw needs updating to reflect the use of current technology. And some Bylaws need updating to ensure the smooth operation of the Society.

CMRS Bylaws

The process of updating the Bylaws has been a long one and not without bumps along the way. Two different Committees, headed by two past-Presidents, have worked hard on drafting proposals. The first Committee, chaired by Mike Borkristl, prepared a proposal the Board supported. This proposal was presented at the October 2007 AGM. After much debate, the members voted to send this proposal back for further study without actually voting on the revisions.

How do the Bylaws affect you as a CMRS member? In most cases, directly, they don’t. You are interested in attending modeling functions, such as Mini Meets or SUPERTRAIN and enjoying model railroading and meeting friends. None of those are covered in any Bylaw.

Behind the scenes, though, the Bylaws give authority to the Board on behalf of CMRS members to book the venues for these activities; to issue payment for the event; and to explore other means of promoting the hobby of model railroading. And the Bylaws give the Board guidance on how members want the Society to function.

A second Committee, chaired by Barry Conn, was appointed to review the revised bylaws as proposed, to address some of the wording from a legal perspective, and to evaluate the concerns raised at the AGM. Their proposal was presented to the Board at a meeting on December 5th. This proposal contained some excellent work. However, there were two contentious areas the Board was not comfortable with.

At this point, we were fortunate in having Andy Love, who is a lawyer, volunteer to review the

Continued on Page 3

CMRS BYLAWS (CONTINUED)

Bylaws on behalf of the Board. First Andy sat down with the Board members and we came to a consensus on what we wanted to see in the Bylaws. Then Andy took our guidelines, the Bylaws currently in effect, the October proposed revision prepared by Mike, the December proposed revision prepared by Barry plus multitudes of email correspondence between Board members and undertook to prepare another proposed set of Bylaws, filtered through his legal perspective to ensure the new Bylaws meet legal requirements. In the process, the Bylaws have been extensively re-ordered, re-drafted and generally updated.

The final result is being sent separately to you by mail. A lot of work, thought and hours have gone into the preparation of the new Bylaws by many dedicated CMRS members. We thank you all for your time and effort.

The Board feels the new revised Bylaws will help the Society to move forward in the coming years. The two contentious issues will be voted on separately. We ask you to carefully review them, along with our comments on why we are making the proposals. If you have questions, please email or phone the undersigned.

We are calling a Special General Meeting at the "Spring" Mini Meet on February 24th. We would ask all members to make an effort to attend.

The Board recommends the approval of the Bylaws, as well as the two amendments which deal with the contentious issues.

LAYOUT TOURS 2008

The dates selected for the layout tours have been slightly changed and are now June 21 and June 28, 2008 both are Saturdays. We are looking to do the north side of Calgary layout tours on the first Saturday, June 21, and the south side on the last Saturday, June 28. With the tours being later this year it may be possible to have some Garden Railway layouts to view so if you have one and are interested please let us know. If there are any N-scale layouts out there it would be great to have them on the tour this year.

If you are interested in opening your layout to the CMRS membership please contact David Walker by email at mcwalk@telusplanet.net or call (403) 240-9271 or Gordon Cooper at (403) 285-2282 or by e-mail at gcooper@shaw.ca.

A couple of members have already stated they are interested this year. We are looking to have about 6 or 7 layouts to view on each of the days.

Further information on the insurance provided by CMRS is as follows. Our insurance policy provides coverage for CMRS members displaying their layouts should there be an incident involving another CMRS member. Should members of the general public (neighbours or relatives) attend a layout display and an incident occur the host's homeowners insurance will be the policy in effect.

Should you not recognize a guest that is viewing your layout, you may ask for identification and proof that they are a member of The Calgary Model Railway Society.

Thanks!

David Walker & Gordon Cooper

HO Scale Intermodal & More For Sale

Kato AC4400CW (CPR Beaver, Road #9532 & 9516) \$130ea

Athearn Gunderson Maxi-3 5-well car - painted in TTX \$80

As above, but undecorated. 2x\$30 ea.

**SUPERTRAIN ADVERTISING 2008 –
AUTOMOBILE WINDOWS**

A number of members have volunteered to have lettered signs advertising the show and the change in date on the back windows of their vans and trucks. The cost is around \$40 and CMRS would cover the cost for any member that may be interested in putting an advertisement on their vehicle for a few months.

Here's a picture of what one looks like, and if you are interested please contact

me at 240-9271 or e-mail: mcwalk@telusplanet.net.

Thanks,

David Walker

MY INTRODUCTION TO THE BOARD

Hello I'm Gordon Cooper. I have been appointed to the CMRS Board of Directors to fill the seat that was vacated by the resignation of Barry Conn. I wish Barry all the best in the future and look forward to any advice he has to give me. I have been involved in model railroading for about 20 years and currently model in HO.

I have been involved with SUPERTRAIN, first as a volunteer then on the Committee. I would encourage anyone who can spare an hour or two to volunteer as we can always use the help. I will be bringing new ideas forward like the Introduction to Model Railroading Clinic which was held at the Westwinds Superstore.

I will be taking on the Layout Tours this year from Dave Walker as he has moved into the Secretary position. I look forward to working with everyone on the Board as we go ahead in model railroading. I will be at the "Spring" Mini Meet and CMT Flea Market and look forward to meeting with members there. If anyone has any ideas they can call or email me. My contact information is on the back page of the Orderboard. Also, a thanks to my loving wife and family who put up with Model Railroad meetings and my hobby.

Gordon Cooper

CMT ANNUAL FLEAMARKET

Avast, me hearties. Yo Ho Ho!! There be bargains ahead!! Set sail on the high seas to find buried treasure!! Don't let some swashbuckling buccaneer come along and pirate away the treasure chest you've been seeking!!

Have buried treasure in your basement in the form of surplus model railroad equipment? ARRRR!! Time to turn that treasure into gold. Looking for bargains to plunder? ARRRR!! Sail away with untold riches.

All this pirate nonsense is to serve as a reminder that the Calgary Model Trainmen's Annual Flea-market is coming up.

Table rentals are available for \$20.00 for a standard 2 1/2 X 8 folding table. The CMT test track will be provided for HO, N and O scale locomotives. Mark February 24th (yes, almost a month earlier this year!!) on your calendar and plan to attend.

CMT will offer a Draw Prize once again, thanks to the generous support of Trains and Such. We plan to give the winners a choice of locomotives with an additional separate draw for rolling stock. Make sure to get your tickets prior to the noon draw time.

The CMT Annual Fleamarket will be held Sunday February 24th between 9:00 am and 12:00 noon at the Glenmore Inn, 2720 Glenmore Trail, SE, Calgary. Vendors will be able to set up their tables after 8:00 am. Again this year, the larger ballroom has been rented, with more tables and aisle space.

The CMT Annual Fleamarket is being held in conjunction with the CMRS "Spring" Mini Meet, which is an all-day event. Admission to the Mini Meet and Fleamarket is free for CMRS members. Members will be asked to show their membership cards. CMRS memberships are available at the registration desk (\$10.00 for 1 year; multi-year memberships available). For non-CMRS members, admission to both events is \$5.00. Plan to make a day of it.

For more information or to reserve a table, please phone Brookes Harrow at 201-4937 or email bharrow@nucleus.com or phone Garth Praestegaard at 650-1391. Don't wait, with less than a month to go, tables will go fast!! ARRRR!!

Brookes Harrow

SUPERTRAIN VOLUNTEERS 2008

I would like to thank those who have stepped forward already and volunteered to help with the upcoming SUPERTRAIN Show April 19 and 20, 2008. Just to let you know that there are over 200 individual volunteer slots that need to be filled over two days of the show, the set up day on Friday and other pre show activities. Here is a list of the major areas that require volunteers:

- Security - 64
- Admission and Office - 45
- Move in and out - 14
- Survey Administration - 16
- Banner Installation - 12
- Membership and Information Desk - 16 - 20

It takes a lot of people to put on a successful show. Many members do more than one shift over the two days. If you have volunteered in the past please do not assume you have already committed for this year. The more people that volunteer to take a shift helps spread the workload out so that all members can enjoy the show.

In a departure from the past where CMRS has mailed out posters for members to distribute in their areas, the committee is planning a work party on a weekend in early March to visit as many public locations as possible in all areas of Calgary to put up posters. If you are interested in helping with the poster distribution please let me know.

Banner installation will be in early April this year (2 weeks before the show) so it will be warmer for everyone and we always need people to help.

Should you know someone who is not a member of CMRS but would be interested in assisting us with any of our volunteer requirements please let me know. It may be that after working with us that they will become a member of the society.

To assist with these positions please contact me at 240-9271 or e-mail: mcwalk@telusplanet.net.

Thanks,

David Walker

4'x8' Table for sale

No layout on top, but can certainly be an excellent start for one!
For sale, a 4'x8' plywood table, very sturdy, reinforced underneath and has legs that collapse almost flat. Asking \$25.
Contact Sue @ 240-2268 or sumacken@cameradventures.com

2008 SUPERTRAIN UPDATE

Hello Everyone!

The date for the 2008 SUPERTRAIN show is fast approaching (April 19 & 20). People will start asking about it soon since it normally occurs in February. Please take the time to inform people you know that the show has been moved to April. The best advertising is word-of-mouth and you, as members, can have a huge impact on attendance just by telling your friends and family about the show.

If you haven't noticed, the show has a new logo, shown below. Also, check out the SUPERTRAIN website at

www.supertrain.ca for information regarding the show. You can send your friends and family to this site for more information as well. In the weeks ahead, exhibitors, vendors and other information will be posted regularly on the website, so keep watching to see what's coming. We will have several new layouts and vendors at this year's show.

We have received a tremendous response on our website from commercial vendors and

exhibitors wishing to attend the show. If you wish to receive an application to attend the show in one of these categories we have a new process. You must go to the SUPERTRAIN website and "request" that an application be sent to you. If you do not fill out a request, you will not receive an application package. The first batch of applications have already been sent, so hurry if you want to attend as space is already at a premium.

Finally, Dave Walker will be contacting past SUPERTRAIN volunteers to assist at the show

and with other things that need to be done. Why not beat him to it say that you would help. Friends and family of our members are welcome to help as well. A FREE pass to the show will be given if you volunteer. Drop an email to mcwalk@telusplanet.net so Dave can schedule you for a position.

That's all for now. This years show is shaping up to be the best ever. You won't want to miss out.

Rick McPhee
2008 SUPERTRAIN
Chairman.

SUPERTRAIN

SUPERTRAIN CLINICIANS WANTED

SUPERTRAIN 2008 will be showcasing a series of live clinics and I'm looking for CMRS members to present a live clinic. If you want to present a live clinic ranging from one-half to one hour, I would really appreciate hearing from you by email at sproules@telusplanet.net. Our audience will probably range from the beginner model railroader/family who has received a boxed trainset for Christmas to the more seasoned modeler.

You may choose to present your material for one day only or go all out and repeat the same material or even present new material the same day or for a second day. Suggested topics for the beginner are:

Basic electrical, Basic trackwork, Basic scenery and so on and for the advanced person, Weathering, Advanced Scenery Ideas and so-on.

As a clinician, you'll get FREE admission to SUPERTRAIN. So think it over and please contact me. If you need help in preparing your material, you'll get it. If you need help transporting your clinic material to the show, I'll do my best to get you that help.

Thank you!

Yours in Model Railroading,
Dale Sproule

TRAINS FOR KIDS

2007 marked the 6th year for the program, and was once again a smashing success. I truly cannot think of a better cause than this. This year, Tom Parker and myself were able to secure a record breaking 83 HO scale trainsets. These trainsets were then distributed through the United Way to help disadvantaged children (whose parents are otherwise not able to purchase presents) celebrate Christmas. Each set also included a complimentary family pass to Supertrain 2008.

These trainsets fill a huge void in our community. Even though many people donate their time and money to charity and children during the Christmas season, the older kids (aged 10 and up) are often forgotten about. For this reason, the pile of trainsets typically does not last long when families come to pick out presents at the agency. If, through our donations, we can keep only one kid engrossed in some sort of a hobby and keep them off the streets, I feel we have done our job.

We are considering some additional fund raising ideas this year in order to raise more money for next year's program. If you would like to help, or have an idea, I would like to hear from you. Please send me an email at ironhorse11@shaw.ca, or alternately call me at 236-7986.

Vince Webnes

FROM THE EDITOR'S DESK

You know, it's amazing what a bit of skill, some time and some willingness to do a good job will achieve within the CMRS. Case in point: Last month, I attended my second SUPERTRAIN Committee meeting, mainly as a guest as I have a work schedule which normally has me working nights the week the Committee meets.

Mike Borkristl was requesting some assistance with getting the application forms out to those who had sent in a request form off the SUPERTRAIN website. Since mailing stuff is pretty much old hat to me now because of the Orderboard mailing sessions, I volunteered my help for doing that. Mike said that's great, and showed me another of his ideas, in that the forms being sent out would be tailored to the type of space desired at the show, one for Commercial, one for Display, and of course, one for Layouts. Each was going to be slightly different, but I figured if we're going to revamp the forms, let's do it right and I said I'd like to "tweak" them a bit. He agreed (hesitantly) and I went to the job of producing professional looking forms. The results were outstanding in his eye, and I certainly can say that if it's worth doing, it's worth doing right. We now have something that will carry a professional image, despite the show being run by volunteers, and we of course can re-use the forms next year and continue on.

It wasn't a whole lot of work for me as I enjoy doing this sort of stuff, but the benefits to the Committee and the CMRS are huge. If you have a skill that you'd like to share, feel free to let others know about it and everyone can learn something or get a better end result out of it.

The deadline for advertising, articles and submissions for next issue is March 24, 2008.

Jon Calow

Wanted!

- a) MICRO-MARK MICROLUX TILT ARBOR TABLE SAW
 - or
 - b) PROXXON MICROMOT TABLE SAW MODEL FKS/E
- Have a DREMEL 16" DIGITAL VARIABLE SPEED SCROLL SAW (new, never used, still in the box) approximate value \$250. Will consider as a trade on one of the above, or will accept reasonable offers.

Buy - Sell - Trade - Repair - Mail Order - Appraisals

SLIDE NIGHT PART DEUX

Murray Larsen and Peter Bouma are diligently working on the finishing touches to bring you the second CMRS Slide Night of the model railroading year. The new venue at the auditorium of the River Park Church is well suited to watching a whole lot of slides and video shot by CMRS members. The seats are comfortable and the sound system is excellent. Murray and Peter have already lined up several presentations, but they have plenty of room for more. Being on a Friday night, there is no need to shut down early, and the magic lantern can stay on as long as there are slides to show. There will be plenty of snacks and goodies to keep us going well into the night.

If you have some slides, digital pictures, or video clips you would like to show, you can just bring them along and let Murray know what you have when you get there. There's nothing like great railroad photography to inspire some creative layout building. Come out on Friday, February 8th to see the show. The address is **3818 14A Street SW**, and there is plenty of free parking across the street. Doors open at 7 pm and the lights go down at 7:30. See you there!

Rob Badmington

CPR PORTABLE STATION DIORAMA

Last spring, some of you participated in a scratchbuilding clinic, and now it's time to show off your work! Ballots for "CPR Portable Station Diorama" participation idea will be available for pickup at the registration desk from 11am to 1pm during the "Spring" Mini Meet on Feb. 24th. If you're showing your diorama, it needs to be setup for viewing by 11am.

Voting ends at 12:30pm with an anticipated announcement of the winner and the participant receives a \$50 gift certificate to the local hobby shop of choice!

*Yours in modelling,
Dale Sproule*

INTRO TO MODEL RAILROADING

The Intro to Model Railroading Clinic was recently held at the Westwinds Superstore and was very successful with 17 people in attendance. We discussed the difference in scale, and showed how to lay track on foam and cork roadbed. I owe both Dale Sproule and Brookes Harrow my deepest thanks for all the help they gave me. Dale spoke about buildings both from kits and by scratchbuilding, and about model railroading in general. Brookes showed an

excellent PowerPoint presentation on model railroading with some fantastic pictures, and then did a short demo on scenery with plaster cloth on foam.

We were able to sign up 7 new members to the

CMRS, plus 2 more won one-year memberships as door prizes. Other door prizes handed out were 2 passes to SUPERTRAIN donated by the SUPERTRAIN Committee, 2 Walthers Classic Kits donated by Rick Walker from Trains & Such, and 2 Track Hammers donated by Gordon Cooper. I would also like to thank Trains and Such, Chinook & Hobby West, Eastridge Hobbies and PM Hobbycraft whom all gave me 10% discount cards for the handout package given to everyone who attended the course. I would also like to thank the Board of Directors of the CMRS who stood behind me in preparing and sponsoring this project, and to Jon Calon who posted the notice in the Orderboard. This course was the first of hopefully many as we try to promote the hobby of model railroading.

Thank You!

Gordon Cooper

MICRO-MEETS

We have had considerable discussions over the years about the best method to get model railroaders to meet others with similar interests. As we all know, the vast majority of model railroaders are generally quite quiet, and find it difficult to introduce themselves to others. An ideal place to do this is at Mini Meets, or other places where we gather and share ideas. However, feedback from members indicate that this really doesn't happen.

I have proposed to the Board of Directors what I think will be a good method to help bring some fellows together and potentially set up informal groups, etc. to meet and help each other with their layouts. The Board has given me the go ahead so here is what I am proposing:

The concept is as follows: a Micro-meet (small meeting with a clinic) will be established and those modellers that are interested in meeting others from the same region of Calgary will be invited to attend. The Micro-meet will be a clinic format, and about 8-10 attendees will be invited to attend. The objective will be to meet others, exchange phone numbers and addresses of those that have a mutual interest, learn something at the clinic, and then hopefully have the attendees set up their own informal groups in the future.

We will start out by separating the meets into the 4 areas of Calgary SW, NW, SE, NE. The meets will be scheduled based on the number of interested people.

If you are interested in participating in this with the intent of meeting other model railroaders in an informal, fun environment, please send me an email as follows:

send it to: barry.conn@shaw.ca

In the subject line put: CMRS Micro-Meet and the region of the city you live in (i.e. SW, NW, SE, NE) Example: CMRS Micro-Meet NW

Include your name, phone number, and scale you model in (N, HO, O, G)

I will compile all the replies, and will try to schedule some Micro-Meets over the next several months. Remember, that this is only for those that want to meet other model railroaders with the intent of forming informal self help groups in the future.

Barry Conn (251-9334)

“SPRING” STYRENE BUILDING CLINIC - CANCELLED!

A combination of computer problems and low interest has led me to reschedule this event to the Fall 2008 Mini-Meet.

My computer problems has forced me to ask those who have already registered to please do this again for the Fall mini-meet.

The interest component of this decision comes from only 4 interested souls. Perhaps there was a conflict in dates – who knows but I know there is more than 4 modellers out there who may be interested in this 2-3 hour session.

In closing, all those interested, please e-mail me at sproules@telusplanet.net.

*Yours in modelling,
Dale Sproule*

CMRS APPRECIATION NIGHT 2008

Tickets for our Member Appreciation night being held on May 23rd are still for sale, and available to purchase and take with you from Dale Sproule at the upcoming “Spring” Mini Meet on February 24th. This promises to be a entertaining night, hopefully featuring Tom Price and a fun Casino.

ADVERTISING

Do you have some Model Railroad related items for sale, or perhaps something rare you want?

Consider an ad in the Orderboard. Ads run free of charge for members (provided they are relatively small), and a \$10/year charge for Business card size commercial ads. Assistance with ad design is also available. Contact the Editor, Jon Calon at orderboard@calgarymodelrailway.org for details.

Deadline for the next issue is March 24, 2008

MEMBERSHIPS

Calgary Model Railway Society memberships can be purchased or **renewed at any of our events or by mail**. Cost is \$10 per year, running from July to the following June and can be purchased in upwards of 3 years in advance. Membership forms can be printed from our website. Completed forms and payment can be mailed to:

Calgary Model Railway Society
Box 63033, 2604 Kensington Road NW
Calgary, AB T2N 4S5
